FORBES MANUFACTURING COMPANY.

INCORPORATED.

Wants Salary Raised.

Paducah, Ky., Dec. 7.—Mayor Thomas N. Hazlip has intimated that he will make an effort to have his salary increased from \$1,800 to \$3,000 per year, beginning January 1, 1915. The mayor is said to be in receipt of a letter from Mayor J. E. Cassidy of Lexington, Ky., stating that the Fayette circuit court ordered his salary increased from \$3,000 to \$3,600 per year when Lexington entered upon commission government. Mayor Hazlip's term does not expire until December 31, 1915. Commission government will go into effect January 1, 1915. The charter for commission government cities of the second class fixes the salary of the mayor at \$3,600 per year.

Couldn't Be Made Public.
It was the custom of one of the managers to criticize every individual performance at each new town the company visited after the fall of the curtain on the stage. One night he did not say anything to young Loraine. He reminded the manager of his omission by saying: "As you did not say anything about my performance, I take it it was all right." Then came the boy reply: "I did not say anything about your show, because what I have to say to you I must say in private."

Fletcher Campbell's Birthday.

December 7 is the birthday of five well-known Louisville business and professional men.

Emile B. Bourlier, secretary of the Louisville Cornice and Roofing Company, is thirty-three.

Ira F. Campbell, Kentucky supervisor for the Alliance Life Insurance Company, is forty-two.

Forre Dennis, hustling agent of the Mutual Benefit Life, is twenty-nine.

Prof. Eber Carl Perrow, teacher of English in the University of Louisville, is thirty-four.

Cale Young Rice, Louisville's apostle-lawyer is forty-two. — Louisville Times.

HOGS, CATTLE OR MEN—WHICH?

Governor Ferris Values Men More Than Live Stock.

"Michigan is making a vigorous effort to 'stamp out' hog cholera. Hogs are marketable," said Governor Woodbridge N. Ferris to the citizens of his state in a recent proclamation calling for co-operation in the anti-tuberculosis campaign. "Michigan is making a vigorous effort to 'stamp out' tuberculosis in cattle. Cattle are marketable. Why not make a strenuous effort to 'stamp out' tuberculosis in men, women and children? Human beings are priceless."

Red Cross Christmas Seals are a means for every man, woman and child in the United States to have a share in "stamping out" tuberculosis. Have you bought your share?

Notaries Public.

Notaries public are said to have had their origin in a class of men appointed by the early Christian bishops to collect the acts or memoirs of the martyrs of the first century. The office was afterward changed to a legal employment, such as the attesting of deeds and other writings, so as to establish their authenticity in any other country.

Davies Demonstrator.

O. B. Burnell, farmer demonstrator of Davies county, sums up his years work:

"Forty-two articles of an agricultural nature have been prepared and published in the local papers, and agricultural talks given at sixty-eight public meetings in the county with a total attendance of 2,892. Four thousand, three hundred and forty-one miles have been traveled in the county by horse and motorcycle in all kinds of weather. Twenty-six visits have been made to poultry club meetings and to meetings to organize clubs, with an attendance of 663.

Sixty-five farmers have been growing some crop under his personal supervision and 103 other farmers have been growing crops by methods recommended by the demonstrator without his visiting them more than once or twice during the season."

ELLEN EXPLAINS RED CROSS SEALS.

Ellen, who is seven years old and lives out in Kansas City, came home from school the other day with a red, green and white "subscription card" the teacher had given her. Her mother had seen something about Red Cross Seals in the paper, but didn't know just what it was all about.

"Oh," said the seven-year-old proudly, "don't you know? They use the money to take care of sick folks—sick folks that haven't got any money to take care of 'emself. The money they get from the Santa Claus seals goes to run a hospital for those folks. And they pay doctors and nurses to teach people how to get well and how not to get sick. Teacher told us all about it. See, this paper tells."

Then Ellen's mother read the folder that small daughter had brought home, telling how often tuberculosis can be prevented, and when she had finished she signed the card for a liberal number of seals.

How Rats Cause Fires.

The most common way in which rats cause fires, says Safety Engineering, is by gnawing away the insulating covering from wires used in electric lighting, where the wires pass under floors or inside of partitions. The insulating materials are used for nests, which rats build of combustibles in

Not An Experiment.

Paint Lick, Ky.—Mrs. Mary Freeman, of this place, says: "Before I commenced to take Cardui, I suffered so much from womanly trouble. I was so weak that I was down on my back nearly all the time. Cardui has done me more good than any medicine I ever took in my life. I can't possibly praise it too highly." You need not be afraid to take Cardui. It is no new experiment. For fifty years, it has been found to relieve headache, backache, and similar womanly troubles. Composed of gentle-acting, herb, ingredients. Still a Bit Abnormal.

The lady had been out shopping. She returned home with a handsome sable scarf. She remarked to her sister, who was admiring the purchase: "That stupid salesman tried to get me to buy a fur with two heads. I cannot tolerate the unnatural in anything. Who ever heard of an animal with two heads?" Her sister looked critically at the scarf. Then a smile of amusement lit up her face. "Yes," she remarked, "you didn't buy a fur with two heads; but you bought one with 12 tails."—London Opinion.

Loaded Handbags.

Some Chicago girls carry handbags with good sized rocks or parts of bricks in them which they wield as slung-shots when an assailant or masher comes along. Respectable manhood rejoices to know that in several instances would-be criminals and mashers have had effective lessons taught them from the carriers of loaded handbags.—Paducah News Democrat.

Ten Indictments.

Frankfort, Ky., Dec. 7.—Ten indictments were returned Friday by the Franklin county grand jury against Thomas C. Byars, commissioner of motor vehicles. Mr. Byars came to the clerk's office and made arrangements to give \$10,000 bond. It is alleged that he was short in his accounts.
